ATTENTION: Mr. H. M. Singh, Board Secretary and Executive Director

Dear Mr. Singh:

**Re: Centra Gas Manitoba Inc. (“Centra”)
2013/14 General Rate Application – Public Hearings Transcript Errata**

The public hearings with respect to Centra’s 2013/14 General Rate Application (“GRA”) commenced on June 13, 2013. In an effort to ensure that the record is correct and information is presented accurately, Centra would like to bring attention to a number of corrections to the transcripts, which are outlined in the list appended to this letter.

As well, Centra would like to clarify for the record information with respect to the costs associated with the TCPL annual tolls that was accepted by Ms. Lori Stewart subject to check. At pages 429 and 430, Mr. Meronek calculated that the savings associated with the new TCPL tolls would amount to \$4 million annually. Centra has undertaken the calculation using the tolls filed by TCPL in its Compliance filing dated May 1, 2013, and the capacity currently held by Centra for the various paths on the Mainline. Centra’s calculations indicate an approximate \$3 million annual savings, as opposed to the \$4 million indicated by CAC’s Counsel.
