**Subject:** [AffordableEnergy] low-income discount rates

I am working on testimony for CAC in Manitoba in a Centra Gas case where I'm recommending vast improvements in low-income efficiency programs and also a low-income discount rate instead of the small number of small one-time payments Centra now offers.

To support the proposal for a low-income discount rate, experience in Canada would obviously be more relevant to cite than the experience down here. I would appreciate any help (including links) this list can provide.

Many thanks!

Cheers,

--
