

CENTRA GAS MANITOBA INC.

2013/14 GENERAL RATE APPLICATION

UNDERTAKING PROVIDED BY: LLOYD KUCZEK

Centra Undertaking No. 5-2

Update the statistics regarding participation to date in the neighborhood approach.

Response

The Neighbourhood Power Smart Project launched in November of 2012. Projects are currently underway in Winnipeg with North End Community Renewal Corporation and in Brandon with Brandon Neighbourhood Renewal Corporation. As of June 18, 2013, a total of 13 applications have been received for participation under LIEEP. Of the 13 received, 9 applications have been approved, 3 declined as they were above the LICO-125 income threshold and 1 is pending approval. Those customers not meeting the LICO-125 income threshold are provided information on other Power Smart Programs available and the Community Coordinator is to follow up with customer regarding these opportunities. Work is underway on the 9 qualified homes.
