

MANITOBA HYDRO

2012/13 & 2013/14 ELECTRIC GENERAL RATE APPLICATION

UNDERTAKING PROVIDED BY: V. WARDEN

Manitoba Hydro Undertaking #28

Demonstrate that the new head office building has 65% less energy usage than a standard office building.

Response:

Manitoba Hydro's new head office is approximately 80% more efficient than a commercial building and approximately 70% more efficient than energy efficient buildings.

- Commercial Buildings 500 kWh/m²
- Energy Efficient 300+ kWh/m²
- Manitoba Hydro Place (metered) 85 kWh/m²
