2012/13 & 2013/14 ELECTRIC GENERAL RATE APPLICATION

UNDERTAKING PROVIDED BY: T. MILES

Manitoba Hydro Undertaking #23

Manitoba Hydro to update PUB/MH II-14(a) to include IFF12 information and also update the orange line (Historic Export Unit Revenue) for 2012/13 and 2013/14. Manitoba Hydro to also advise whether there will be a new high/low average provided (shaded area).

Response:

The attached chart includes an update to Historical Export Unit Revenue for 2012/13 (actuals up to November 2012) and the Average Unit Revenues based on IFF12. Updating the chart with IFF12 information did not require revising the Wuskwatim Hearing Unit Revenue Range which is represented by the shaded area.
