

ELECTRIC GENERAL RATE APPLICATION 2015**Manitoba Hydro Undertaking #52**

Manitoba Hydro to determine how much additional revenue will be realized as a result of increased demand based on 97 gigawatt-hours higher demand.

Response:

The reduction in forecasted DSM savings in 2015/16 will result in an estimated increase in domestic revenue of \$4.5 million. This does not include any offsetting decreased revenue associated with reduced sales in the export market.
