**ELECTRIC GENERAL RATE APPLICATION 2015****Manitoba Hydro Undertaking #65**

**Manitoba Hydro to provide the split between urban and rural for the target population of one hundred and fifteen thousand (115,000) and, if the figures are readily available, First Nations on reserve, and to provide a breakdown of those two (2) additional populations relating to poor to fair insulation as well as standard furnaces on a urban and rural breakdown, and First Nation on reserve if readily accessible.**

**Response:**

The urban and rural splits for the target population are outlined in the chart below. The urban segment consists only of Winnipeg and rural represents all other cities and towns within Manitoba. The figures for First Nations on reserve are not readily accessible for the target population in question.

<b>Target Populations</b>	<b>Urban</b>	<b>Rural</b>
Overall Target	38%	62%
Insulation Target	41%	59%
Standard Furnace Target	68%	32%
