South Indian Lake

Community Status

South Indian Lake is situated on an arm of the lake that joins South Bay to the main body of the Lake. Approximately two-thirds of the residents are members of the Nelson House Band, many of whom can trace ancestry back to the 1920s.

The community is about 130 air km Northwest of Thompson and 64 air km from Leaf Rapids. PR # 391, which connects both Thompson and Leaf Rapids, also extends to South Bay, providing access to the ferry/barge in season.

The community has undergone major change as a result of the Churchill River Diversion, which causes water to flow south to the Rat River, then through the Burntwood river into the Nelson River to provide additional water for Hydro development on the lower Nelson River.

Recognized as a community in 1971 by the department, and incorporated in 1999, the community is governed by an Incorporated Council consisting of mayor and councillors under *The Northern Affairs Act*.
