**26 hires are representatives of 13 communities*

***HNTI Participants is shown as number of hires, with number of individuals shown in brackets. Some HNTI individuals have been hired multiple times.*

***The number of hires to date does not reflect the number of employees on site at a given time. The total number of employees is less than the number of hires because the same individual may have been hired more than once (i.e. an individual may have moved to work on a different contract or may be separated and rehired at a later date).*
