

1 **QUESTION:**

2 Please indicate, for each section of the La Capra report, whether any draft of the section was
3 provided to Manitoba Hydro to "fact check" and if so, please provide a copy of that draft
4 section as submitted to Manitoba Hydro, and also provide the response of Manitoba Hydro.

5

6 **RESPONSE:**

7 No drafts were provided to MH to fact check.

1 **SUBJECT: Financial Analysis**

2

3 **REFERENCE: Appendix 9**

4

5 **PREAMBLE: Figure 9-87**

6

7 **QUESTION:**

8 The figure indicates it shows NPVs over 50 years, however the NPV value for Reference
9 Scenario PDP is \$1.696 billion which is equal to the NPV over 78 years per MH NFAT submission.

10 Why does this table report a 78 year NPV value?

11

12 **RESPONSE:**

13 Figures 9-86, 9-87 and 9-88 were discovered to have an error. Corrected versions of these
14 figures are provided in LCA's response to CAC/LCA-008.
