Please find attached the curriculum vitae of John Todd, the City's expert for the Manitoba Hydro Cost of Service Methodology Review before the Public Utilities Board.

Mr. Todd's evidence will be with respect to the appropriate treatment of the Area and Roadway Lighting class. As you can see from his c.v., he has extensive experience in all aspects of cost of service methodology and I believe that there should be no question as to the scope of his expertise with respect to the areas in respect of which it is anticipated he will give evidence.
