Further to our qualifications of this morning, Manitoba Hydro notes that Intervenors have requested specific DSM qualifications. If it is the PUB's intent to qualify experts specifically with respect to DSM, Manitoba Hydro would note the expertise and experience of CA's experts in the area of DSM and would request that the PUB further qualify CA's experts as follows:

Manitoba Hydro requests that Mr. O'Sheasy and Mr. Chapman be qualified with respect to the area of Demand Side Management concepts, planning and its classification and allocation within cost of service.

Manitoba Hydro requests that Mr. Camfield be qualified with respect to the area of Demand Side Management evaluation, and its classification and allocation within COS.

Thank you.
