Mr. Antoine Hacault  
Thompson, Dorman Sweatman LLP  
2200 – 201 Portage Avenue  
Winnipeg, MB R3B 3L3  
Dear Mr. Hacault

**Re: Witness Qualifications – Manitoba Hydro Cost of Service Proceeding**

In accordance with Board Order 84/16, the Board has received witness qualifications from Manitoba Hydro, The Coalition, The City of Winnipeg, the GSMGSM Customer Class, Green Action Center, and the Manitoba Industrial Power Users Group (MIPUG). The Board has also received commentary or challenges on proposed witness qualifications from the Coalition and Manitoba Hydro.

Based on the Board's review of the witness qualification submissions, and subsequent challenges, the only challenge to witness qualifications was from Manitoba Hydro regarding the qualifications of Mr. Bowman.

The Board is requesting that MIPUG file their response to Manitoba Hydro's challenges to Mr. Bowman's qualifications by Monday August 15, 2016.

Regards,
