

Undertaking # 16

Please identify the projects underway in the current year, 2016/17, under Technology Modernization, referencing where appropriate cost figures in PUB(MPI) 2-16 and PUB(MPI)1-33.

RESPONSE:

Please refer to Volume 1, Supporting Material, IT Information Technology page 16 for a table that identifies the corporate costs of the projects underway in the current year under Technology Modernization (both Technology Risk Management and Technology innovation and Capabilities). These tables tie to the Project Charter contained in PUB (MPI) 2-16 Attachment A, PDF page 5. PUB (MPI) 1-33 represents the Basic allocation of the Technology Modernization costs.
