

News Release

February 9, 2010

The Public Utilities Board (Board) has, in response to an Application by Manitoba Public Insurance (MPI) for a Review and Vary of one decision of Order 161/09, issued an Order rejecting MPI's request for a change to Order 161/09's direction with respect to late fees.

By Order 19/10, the Board varies Order 161/09 and directs MPI to continue with its current approach to late fees for the approaching new insurance year (which begins March 1, 2010).

Order 19/10 may be reviewed by accessing the Board's website, www.pub.gov.mb.ca
