

## News Release

July 24, 2009

By Board Order 115/09, the Public Utilities Board (Board) approves revised propane gas rates effective for consumption on or after August 1, 2009 for customers of Stittco Utilities Man Ltd.

The effect of this rate change is an overall decrease of approximately 7.4%, though this will vary depending on consumption.

The August 1 approval reflects the quarterly adjustment to rates to account for changes in commodity costs.

The cost of propane has dropped considerably since 2008, with substantial decreases put into effect as of February 1, May 1 and now August 1, 2009.

A copy of the Order, which contains additional information, may be reviewed on the Board's website [www.pub.gov.mb.ca](http://www.pub.gov.mb.ca), or be obtained through the Board's Office.
