

Manitoba Public Utilities Board Strategic Plan 2020-2023

The Manitoba Public Utilities Board (the PUB) is an independent quasi-judicial administrative tribunal operating under the authority of the Manitoba Legislature. The PUB regulates utility sectors to protect the interests of Manitobans where competitive market forces do not exist. The stakeholders of the PUB are consumers of services of the utilities the PUB regulates as well as utilities and governments. While the current Public Utilities Board Act was passed in 1959, the PUB has regulated services under other legislation since 1913.

Purpose

The PUB has a specific mandate based on its enabling legislation. It acts as a rate-setting tribunal for various public utilities. It establishes just and reasonable rates for the provision of electricity by Manitoba Hydro, for natural gas supplied by Centra Gas, for propane supplied by Stittco Utilities Ltd, for rate bases and premiums charged for compulsory driver and basic vehicle insurance provided by Manitoba Public Insurance Corporation and for rates charged by most of the water and wastewater utilities in Manitoba, excluding the City of Winnipeg. In each rate application the PUB balances the interest of the rate payers and the financial health of the utility.

The PUB regulates private natural gas brokers and monitors the construction and operation of gas pipelines that are subject to provincial jurisdiction.

As a quasi-judicial administrative tribunal, the PUB conducts hearings and reports to the government as requested on Payday Loans & Government Cheque Cashing and hears appeals of Water Services Board decisions and from individuals who have been disconnected from water and wastewater utilities or from natural gas or propane services.

The PUB also undertakes other reviews, such as the review of the Efficiency Manitoba Plan for 2020-2023, as may be assigned to it from time to time by the Government.

Vision, mission and values

Vision: The Manitoba Public Utilities Board is a trusted, respected regulator that contributes to fair rate determinations and long-term, reliable utility services for Manitobans.

Mission: The Public Utilities Board makes decisions based on efficient, transparent regulatory processes and communicates its decisions in a timely manner.

Values: The Public Utilities Board is independent, impartial and objective, transparent, accessible to all Manitobans, supports a respectful work environment and focuses on the public interest.

Priorities

Strategic priorities will guide the work of the Public Utilities Board from 2020 to 2023. Operational priorities will be developed each year to implement the strategic priorities.

The strategic priorities are:

1. Excellence in the provision of regulatory decisions;
2. Effective communications and relationships;
3. Efficient internal operations; and
4. PUB2023 and beyond.

Strategic priorities for 2020 to 2023

1. Excellence in the provision of regulatory decisions.

The Public Utilities Board employs a continuous improvement philosophy and an innovation mindset to enhance its decision-making and its responsiveness to stakeholders.

The PUB will:

- 1.1. Continue to refine the pre-hearing and hearing processes.
- 1.2. Continue comprehensive oversight, including the use of sanctions and/or penalties to ensure that Orders are carried out.
- 1.3. Develop or adopt more effective ways to handle commercially sensitive information that considers the interests of all affected parties and provides maximum transparency to the public.
- 1.4. Implement processes to improve the efficiency of hearings, including guidelines for providing required information and setting out a hierarchy of the importance of information.
- 1.5. Increase the use of risk-based approaches to reviewing and processing applications, including evaluating opportunities to eliminate the need for applicants to file routine, low- risk applications.

2. Effective communications and relationships with stakeholders.

The Public Utilities Board maximizes the public's trust as a regulator by demonstrating that it is independent, impartial, competent, transparent and responsive. It ensures that its communications are clear and it builds and maintains effective relationships.

The PUB will:

- 2.1. Retain the necessary expertise, enhance public notification and education, and seek new methods to facilitate participation in PUB processes.
- 2.2. Continue to develop communications among government organizations that have related mandates, such as the Municipal Board and the Office of the Fire Marshall, to make processes more efficient and effective.
- 2.3. Proactively engage the responsible Minister, or Ministers with related responsibilities, through regular meetings to discuss PUB issues.
- 2.4. Advise the responsible Minister and/or senior provincial officials of results following major hearings and on other Orders as necessary.

2.5. Hold ongoing discussions with utilities and with the Association of Manitoba Municipalities and the Manitoba Municipal Administrators Association, while maintaining independence, to build on mutual understanding of issues.

2.6. Develop a clear understanding of the roles and responsibilities of, and the relationships between, PUB and key stakeholders and related organizations to ensure an integrated approach to our respective mandates.

3. Efficient internal operations.

The Public Utilities Board continues to look for operational efficiencies to make the best possible use of resources in fulfilling its mandate, and delivering on its vision and mission.

The PUB will:

3.1 Review and update the cross-training and succession plan for staff and the succession plan for professional advisers.

3.2 Continue to take advantage of technology to introduce more efficiency in information sharing and communications.

3.3 Continue to update the Board governance model to ensure a strategic focus.

3.4 Manage PUB resources to ensure they are aligned with fulfilling the PUB's mandate.

4. PUB 2023 and beyond.

To deliver on its vision the Public Utilities Board takes a long-term view to ensure it meets its mandate in the future.

The goals are:

4.1 A revised and modernized Public Utilities Board Act.

4.2 Adequate resources for the PUB to carry out its mandate.

Operational priorities for 2021-22

External priorities:

1. Address rate applications from major utilities, as well as Manitoba Public Insurance Corporation, as filed.

2. Continue to implement strategies and practical processes to improve the water and wastewater rate review system.

3. Increase the use of the simplified filing process for water and wastewater applications through awareness building and support to eligible Utilities.

4. Complete and have available a series of webinars for water and wastewater applications, including deficits, simplified filing and updated Board Guidelines.

5. Continue to work with stakeholders to develop and implement policies and processes to improve the efficiency and effectiveness of the pre-hearing and hearing processes.

6. Continue to follow up on directives from prior PUB Orders and to address outstanding compliance issues.

7. Upon direction of the responsible Minister, prepare to conduct public hearings on Payday Loans & Government Cheque Cashing and to report the results to the Government.

8. Taking into consideration the views of major Utilities and interveners of record, approve and implement a revised policy and procedures to deal with the granting of status, and the funding of interveners in PUB processes.
9. Develop and implement a revised process for dealing with Commercially Sensitive Information.
10. Continue to employ technology solutions to encourage distance participation of witnesses and the public in PUB processes.
11. Continue to meet with the Association of Manitoba Municipalities, the Manitoba Municipal Administrators Association and with other stakeholders as required, to build better mutual understanding with members.
12. Monitor the results of Efficiency Manitoba as required following the decision of Government regarding the PUB report and recommendations on the Efficiency Manitoba Plan for 2020 – 2023.

Internal priorities:

1. Revise the succession plan for PUB staff.
2. Update the inventory of issues and report on the status of each area of PUB responsibility to the Board on a regular basis.
3. Identify and monitor the status of PUB directives to Utilities, and report to the Board on a regular basis.
4. Increase the focus on education and training to address frequently occurring issues in water utility applications.
5. Monitor the succession plans of PUB advisers. Review and address, to the extent possible, the risk that PUB advisors may not be readily available to advise the PUB.
6. Monitor the ongoing involvement and the performance of PUB advisers, including requiring annual reporting against established objectives and retrospective reviews of all major processes to facilitate continuous improvement.
7. Undertake pandemic and post-pandemic planning to ensure the PUB meets Government requirements while maintaining an efficient regulatory schedule.
8. Prepare a risk matrix to identify potential risks to PUB operations and develop mitigation strategies for each.
