Bunge Canada seeks a fair resolution to the changes proposed by Centra Manitoba. In applying to intervene, and in any actual intervention, in these proceedings, any statements made by Bunge Canada are those solely of Bunge Canada and no other person.

Please state your reasons for intervening in this proceeding:

We don't feel that the proposal by Centra Manitoba is reasonable.

Please state how you are directly affected by the Board's decision in this matter:

Our cost structure will increase significantly due to the proposed changes.

Please explain whether and how you represent a substantial number of ratepayers that are otherwise not represented on issues that are within the scope of this proceeding:

Bunge Canada is a major player in the food industry and any increase in costs could have a direct impact on our customers.

Please describe your experience, information, or expertise relevant to this matter that would contribute to the Board's decision making, including any other prior interventions in regulatory matters before this Board or other decision-makers:

I have been in the natural gas business since 1993. I have worked for a natural gas pipeline and have been involved in the physical aspect of the business since that time. I have never witnessed tolerance levels this tight. I purchase supply for 93 facilities, and the proposed changes by Centra Manitoba would be the most stringent we have.

Please list the key issues you intend to address in the proceeding. Please be specific.		
I feel that Centra will be collecting more dollars in penalties than they will be paying out. There needs to be some balancing procedures that allow our supplier to offset the markets they have. Centra needs to credit penalties back when you net help offset the position of the system that day.		
Do you intend to participate fully and actively, including attendance at hearings, submission of evidence, and testing of evidence and cross examination of witnesses? If yes, please describe your intended participation.		
I will be involved via teleconference.		
Do you intend to request an award of costs for your participation? Please explain how you meet the criteria for an award of costs.
