Undertaking #003

MPI get in touch with Uber and indicate exactly what their position is, including is their position that they would provide information on a commercially sensitive basis where

1. The Interveners could see it if they sign an NDA, or
2. Where the Board would receive unredacted information, but the Interveners would only receive redacted information.

RESPONSE:

MPI contacted Uber on October 18, 2023. In response, Robert Galloway, Sr. manager Corporate Risk, replied as follows to each part of the question:

1. *"We are not agreeable to this proposal. Uber maintains that the PUB considers for approval its Confidentiality Agreement for execution only by PUB lawyers and advisors."*
2. *"We are open to this consideration but would need to have final review/control over redacted details."*
