Undertaking #006

MPI to provide updated response, if any, to PUB-CI- 2-1 question part 'e' –

RESPONSE:

MPI is still working through its return to office requirements. As these are finalized, MPI will revisit what changes, if any, may be required at cityplace to accommodate this. Upon landing this, MPI will plan out the amended space requirement and obtain cost estimates as per our normal process. MPI was simply providing a high level direction indication of potential costs.
