### DID YOU KNOW?

*An average house uses approximately 2,200m<sup>3</sup> of natural gas per year. At Centra Gas/Manitoba Hydro's current variable quarterly Gas Commodity rate, that volume of gas would cost \$\_\_\_\_\_ per year. At the Gas Marketer's fixed rate, it would cost \$\_\_\_\_\_ per year. This cost excludes other costs such as those arising from the Delivery Charge, the Basic Monthly Charge, and applicable taxes. Those costs apply regardless of which Gas Commodity supplier is chosen.*
