ATTENTION: Dr. D. Christle, Board Secretary and Executive Director

Dear Dr. Christle:

RE: Centra Gas Manitoba Inc. (“Centra”) Fiscal 2025 General Rate Application – Responses to Information Requests and Additional Filings

Enclosed are Centra’s responses to Information Requests (“IR”) of the Public Utilities Board (“PUB”), the Consumers Association of Canada (Manitoba) Inc. (“CAC”) and the Industrial Gas Users (“IGU”) with respect to Centra’s Fiscal 2025 General Rate Application. (“Application”).

Throughout the Information Request responses, commercially sensitive information has been redacted and Centra has inserted codes corresponding to the Redaction Criteria Centra has used in this Application.

Centra is also enclosing the following corrections/revisions to the October 7th filing:

- Appendix 3.1 – Statement of Income Analysis (page 24), Appendix 4.6 – Centra Gas Debt Management Strategy 2024 (page 27) and Tab 8 –Figure 8.13 - amending the term sheet for CG33 (\$20 million) and to reflect that it refinanced CG18 (\$10M) and for new borrowing requirements (\$10M).
- MFR 37 part a) - the 2017/18 schedule was missing the Tools & Work Equipment rate and had the incorrect rate for Transmission Mains. The 2018/19 schedule was reflecting 2019 rates when it should have reflected 2014 rates. Depreciation expense was correctly reflected in both.

- MFR 92 – the table on page 2 has been revised to correct historical balancing fee performance for three customers, which are minimal and therefore do not change any of the conclusions reached following the implementation of balancing fees. Further, there are no financial consequences related to the correction. Centra has provided the updated information back to 2017/18 reflecting the corrections.

If you have any questions or require clarification with respect to the foregoing, please contact the writer at (204) 360-3257 or Ashley Jansen (204) 360-5247.

Yours truly,
